GRATITUDE

FAVOR provides an innovative response to the suffering caused by substance use disorders for over 5,000 new individuals in Upstate South Carolina each year:

Rebuilding Lives  |  Empowering Families  |  Changing the World

2017 - 2019 IMPACT REPORT
VISION

Rich’s Message

“The opportunity of a lifetime must be taken advantage of in the lifetime of that opportunity. We have a unique opportunity to substantially change our recovery services system and positively impact the lives of thousands of people. We should not waste this opportunity.”

This was the theme of our Impact Report for the time period 2015-17. FAVOR Greenville was gathering momentum and we found ourselves in a unique position to pave a new way. Everyone knew that FAVOR Greenville was poised to be much more than a Recovery Community Center.

We are happy to say we have not wasted the opportunity. As a matter of fact, we straight crushed the opportunity. Some of the more noteworthy accomplishments include: National Recognition as a model program by both the Substance Abuse Mental Health Services Administration (SAMHSA) and the Federal Department of Justice (DOJ); groundbreaking initiatives with the solicitor’s offices and probation/parole; satellite locations to serve the homeless population; successful implementation of six hospital-based recovery programs; and expansion into Anderson and Spartanburg Counties.

Our work with the USC School of Medicine Greenville is a great example of how we add value beyond the numbers. Together we have developed a prototype for a recovery based-medical school training. FAVOR Greenville’s recovery coaching academy has been delivered in the medical school as a 3-credit elective to 50 students so far. These students then volunteer in various roles for 12 months with FAVOR Greenville.

Now recovery champions, these future physicians and healthcare leaders have experienced authentic relationships with people directly impacted by substance use disorders because of FAVOR. They will lead the paradigm shift from:

- “Blame the patient” to more responsibility on professional providers
- Scattered, piecemeal services to fully integration into the healthcare system
- Acute episodes of care to a long-term chronic disease management model

When the paradigm shifts, the outcomes will shift. Looking at SUD issue through a different lens will facilitate breakthrough solutions.

It is very important that we fully understand how we got to this place. Our visionary donors have put FAVOR Greenville in a financial position where we can aggressively address these issues and invent new solutions. We get things done. We solve problems. We figure things out and we are not part of the “here’s why you can’t do that” club.

I cannot thank you enough for your courage and vision in funding a program like FAVOR Greenville. I am lifted-up by the knowledge of a bright future and grateful to be leading this fight.

Please take some time to review the details of this report. The FAVOR Greenville reach is broad and the impact is deep. You have made this possible. Thank you for making the world a better place.
LEADERSHIP

“Gratitude is the sign of noble souls.” – Aesop

Leadership is always the crucial success factor in any effective endeavor. FAVOR is blessed to have a Board of Directors and a Changing the World Council that are committed to assuring that FAVOR offers new hope to individuals and families both today and far into the future. These leaders set a shining example for good governance practices, generous individual philanthropy and mission-driven focus.

They live the FAVOR Mission:

FAVOR Greenville exists so that everyone affected by substance use disorders in Upstate South Carolina has a fighting chance at recovery.

“\text{I am free and I am thankful. FAVOR Greenville saved my life!}”

"I have been given more than I could ask for through FAVOR and will be forever grateful!"
- Ruthanne Aiken
Because of your support, FAVOR has developed a powerful volunteer program which provides training, supervision, and on-going skills building for a team of over 250 active volunteers. Our dedicated volunteers bring strength and diversity to our programs and awareness events. Many experience a huge sense of gratitude being able to pay it forward to others. Others feel called to engage the community in the mission of FAVOR. We are so grateful for their time and talent. They are the heart and soul of FAVOR!

PROGRAMS

“At times, our own light goes out and is rekindled by a spark from another person. Each of us has cause to think with deep gratitude of those who have lighted the flame within us.”

– Albert Schweitzer

Because of the incredible support of our donors and volunteers, people who suffer with a substance use disorder come to FAVOR to begin a compassionate conversation about how drinking and drug use have impacted their lives. They find the hope and courage they need to start a process of change based on their vision of how their lives can be different in recovery.

At FAVOR, there are no criteria to be met, no insurance required, no discharge planning. Programs and services are offered at no cost, so there are no financial barriers to participation.

“When I found FAVOR – I found hope for a new and exciting life!”

• Vanessa Hedger-Taylor
**MY FAVOR STORY: Dan Edge**

Freelance field technician, USC graduate, loves singing, freestyle dance, the outdoors, and independent academic studies, in recovery since October, 2018.

Prior to joining the FAVOR Community, I was in active addiction. I used drugs and alcohol nearly every day. I lived in homeless shelters, halfway houses, or on the street. My family members were at their wits' end. They were desperate to help me, but they didn't know how. I had destroyed my marriage, my career, my finances, and my physical and mental health.

Since joining the FAVOR community, I have discovered a new way of life. I was welcomed by a loving tribe of wonderful people who shared my burdens and offered me unconditional love. I began attending recovery meetings of various types almost every day, and I got a Recovery Coach. FAVOR’s “multiple pathways to recovery” philosophy is a perfect fit for me.

Once my family began to see the changes in my mindset, they renewed offers of support to help me rebuild my life. I am beginning to grow trust with previously broken relationships. Today, my life is completely different. I now have an army of comrades to help me in my battle with addiction. I still have pains and sorrows, but every day I feel stronger and better equipped to deal with life’s challenges. Most importantly, I now know that I will never again have to face these challenges alone.

To all who work at FAVOR: You saved my life as you have saved countless others. Thank you from the bottom of my heart.

“I kept coming back to FAVOR and I kept getting better!”
-Zeb Taylor
STATISTICS

“When we focus on our gratitude, the tide of disappointment goes out and the tide of love rushes in…” - Kristen Armstrong

Since the doors of FAVOR Greenville Center opened in July, 2013, hundreds of people immediately enrolled in our non-clinical programs and have since become dedicated participants and volunteers.

We believe that easy and immediate access to intervention services and to recovery support over the long-term is the missing link in our system of care.

GROWTH

“There is a calmness to a life lived in gratitude, a quiet joy.”
- Ralph H. Blum

ORGANIZATIONAL EXPANSION:

- Secured a 2-year contract with DAODAS in January 2019 to seed expansion and formalization of operations in Spartanburg and Anderson Counties by hiring local recovery coordinators to oversee All Recovery Meetings, Family Support Meetings, Outreach Programs and Recovery Coach Training Sessions.

- Added 10 new staff members to expand our capacity to serve the entire Upstate.

- Leased an additional 3,600 square feet of contiguous office space in Greenville to accommodate program expansions.

- Expanded the operating budget by 56%, thanks to increased philanthropic support and new grants.

OUTREACH, COMMUNITY PARTNERSHIPS, AND COLLABORATIONS:

- Provided at least 38 meetings/outreach sessions PER MONTH with Community Partners including Phoenix Center, Carolina Center for Behavioral Health, and Serenity Village, plus newly added partners Jasmine Road and Safe Harbor.

- Embedded recovery coaches within Community Partner locations in Nicholtown, Woodside, City View, Sterling Community, West Greenville, Project Host Soup Kitchen, St. Anthony’s of Padua Church, Legacy Middle School and Early College Scholar Group, and several food banks.

- Became the official referral partner of the Thirteenth Circuit Solicitor’s Office and for the State Supreme Court Certified: New Start Program, an alternative sentencing program for low level, first time drug related crimes resulting in expungement, with 57 participants completing the program.

- Initiated and maintains a probation/parole compliance program with Greenville County: participants utilize FAVOR Greenville as the official community-based program in terms of SUD recovery, with 20 participants to date.

HEALTHCARE PARTNERSHIPS:

- Launched recovery coaching services (FORCE MODEL) in the Memorial Hospital emergency department in January 2018, responding to 214 patients, with 61% still engaged with a recovery coach.

- Grew our emergency department programs by 700% over the past year, engaging a total of 427 patients at Greenville Memorial, St. Francis Bon Secours Downtown and Eastside, Greer Memorial, Hillcrest Memorial, Easley Baptist, and AnMed Health.

- Created an inpatient coaching program in partnership with Clemson University and PRISMA Health as a randomized, clinical research trial with 110 total patients, showing results to date: average days drinking/using in last 30 days for those with coach is 2 days compared to 24 days for uncoached group, a remarkable difference.

- Trained 50 medical students in a 3-credit elective course on addiction and recovery at the USC Medical School-Greenville by CEO Rich Jones, who was named an affiliate faculty member.

- Completed at least 12 formal training and/or in-service sessions touching at least 300 staff members within the PRISMA Upstate system; provided on-site trainings on the opioid epidemic to staff at AnMed on 3 occasions; and touched at least 60 staff members through training/in-service initiatives at St. Francis Bon Secours.

“FAVOR has walked this journey with us and our lives are better than ever!”
- Peggy Anderson
RECOGNITION, AWARDS AND AFFILIATIONS:

- Named one of 4 model Recovery Support Programs by the national Substance Abuse and Mental Services Administration (SAMHSA) in November 2017 to serve as a center of excellence to guide other organizations across the nation.

- Awarded Model Program status by the Department of Justice which includes a 12-month technical assistance contract to provide mentorship, training, and support to upstart recovery initiatives in Anchorage, AK and Logan County, WV.

- Featured on WYFF News on 14 separate occasions; on WSPA 5 times; on local radio stations 8 different times, plus at a variety of displays and speaking engagements throughout the Upstate.

- The Association of American Medical Colleges (AAMC) annual conference in 2018 and 2019 and AAMC annual conference: Dean of Student’s annual summit in 2019 featured both the USC School of Medicine/FAVOR Greenville’s program to train medical students in addiction recovery coaching and FAVOR Greenville’s FORCE overdose response program.

- The Emergency Medicine Academic Conference featured FAVOR Greenville’s FORCE program which was approved for publication in the Annals of Emergency Medicine.

- To focus on reforming substance use disorder service reimbursement (including bundled recovery coaching), Rich Jones, CEO/COO, serves on the Addiction Recovery Home Model (Restructuring Bundled Payments Under Medicaid), that has a 15-member board made up of commercial insurance companies, providers and the Center for Medicaid Services (CMS).

- Rich Jones, CEO/COO, presented to 70 plus executive level administrators from various systems across the country on how to develop a strong collaborative relationship when SC was named a Model System: Single State Authorities and Recovery Community Organizations by the NASSAD (National Association of Single State Authority Directors).

- The Medical University of South Carolina (MUSC) has submitted a proposal for a clinical trial with the National Institute of Drug Abuse (NIDA) for a 4-site randomized clinical trial (national sites) in the emergency department, with FORCE serving as the model and Rich Jones, CEO/COO directing all workforce issues.
DONORS

“In ordinary life, we hardly realize that we receive a great deal more than we give, and that it is only with gratitude that life becomes rich.” - Dietrich Bonhoeffer

Over the past two years, you---our donors---have opened your loving hearts and extended your loving hands to provide the life-saving recovery connections available at FAVOR. Your compassion and generosity make real miracles happen!

MY FAVOR STORY: Kathy Lauren

Devoted mother, loving grandma, needle pointer, athlete-ex, in recovery since the mid-90’s.

I am a person in long term recovery that loves FAVOR. My FAVOR experience is not about my personal addiction, but about my journey into family recovery. I had a loved one go down the rabbit hole of addiction that I describe as a “Bill W. Big Book” experience. I watched this loved one descend into hell and brought him to FAVOR as an alternative to AA. He didn’t stay and he progressed with his addiction. I did stay and I had a family coach I saw weekly. Eventually I started coming to Monday Night Family Group meetings and the SOS group. It took a long time but I finally realized I was addicted to my loved one and getting him well as he was to alcohol.

There finally was a day in the process I understood that another human being could not make him get sober. At that moment I began my family recovery. It was a long and painful progression and I knew my loved one would most likely die. He did come as close as one could come to death and not die. I brought him home on hospice care and the man decided to live. The miracle is we both lived and are friends now. I have a great love for FAVOR, my coach, and all of my FAVOR friends. I could not have moved without their care and support. Education at FAVOR is the key to family recovery.

MY FAVOR STORY: Carolyn and Bill Scott

Bill is retired and Carolyn presently works part time as a caregiver. “God moved us here just two years ago for this wonderful agency... He knew we would need it.”

Before FAVOR: chaos, confusion, unanswered questions, court, indecision, helping versus enabling? Am I truly ready to face my daughter’s death? God, I’m scared. It’s not “just” drugs; she’s bipolar—can she consciously manage her meds? My mind, heart, and soul are reeling. How can I navigate, comprehend, direct her, flesh of my flesh, to real help, real recovery? Just seeking information, researching facilities, counselors, and, and, and... it is exhausting! Then I was told about NAMI and they introduced me to FAVOR.

After FAVOR: I don’t have to be the researcher. These folks have done that, through education AND experience. FAVOR is conversations, caring staff, many meetings with my coach; tears of healing flowing. Going to Monday night meetings, I have learned so much. FAVOR taught me this was not my daughter; it was the disease, and comparing pictures of her from just a year ago to now screams that concept.

We are living the reality of this substance use disorder, creating our “new normal.” We now have found support through FAVOR and other programs AND more importantly, my daughter will have support when she is ready, again. When sharing my story at a meeting, I explained that FAVOR met us at the ER once, (not for their usual OD meeting). The CEO commented, “This is what makes FAVOR different; the coach met you there because it’s about people, not protocol or principles.” #GratefulForFAVOR

“Lost, now found! Thanks to FAVOR.”
- Victoria Kent
